

TECHINICAL DATA SHEET

Description:

Class 10 (3"x3") white, 28# custom cleanroom clean notes have 100 latex sheets and are designed for use in critical environments where low particulation and ESD's are required.

The latex sheet is smudge-resistant and the adhesive used for binding the sheets does not emit ESD's or carry particulates when a sheet is removed.

Industries:

Aerospace, Medical, Semiconductor, Pharmaceutical, Cleanroom construction, Electronics and Laboratory Research.
