

Solder-Rework Bundle

ADS200 & ST125 Systems

The Low-Cost 2-System Bundle

The Solder-Rework Bundle gives you everything you need to power all PACE **AccuDrive**® and **SensaTemp**® handpieces!

- Includes the **ADS200** AccuDrive® Production Soldering Station with **TD-200** Iron.
- **ST125** SensaTemp® Desoldering Station with **SX-100** Sodr-X-Tractor®.
- Integrated **Snap-Vac**® Pump delivers Vacuum and Pressure.

Soldering-Rework with Expansion Capabilities

We bundled our two most popular single channel systems to bring you PACE's full array and capability of soldering & rework tools at a lower initial cost. The Solder-Rework Bundle includes the ADS200 Production Soldering Station with TD-200 Iron and the ST125 Rework Station with the SX-100 Sodr-X-Tractor®. This Bundle is far more than a soldering and desoldering system. Its functionality greatly expands when adding optional **AccuDrive**® and **SensaTemp**® compatible handpieces, including: MT-200 MiniTweez®, PS-90 Soldering Iron, TJ-70 ThermoJet® and TT-65 ThermoTweez®. Enjoy complete interoperability and interchangeability. Buy what you need now. Add capability later. **You can mix and match, reduce inventory requirements, and maximize cost savings!**

Tips Included!

The Bundle comes with a 1/16" (1.59mm) 30° Chisel Blue Series Tip-Heater Cartridge (1130-0019-P1) and the 1.02mm Thermotweezer® Tip (1121-0931). The Solder-Rework Bundle not only gives you full compatibility across all PACE handpieces, but also all of our Tips and Tip-Heater Cartridges. Add what works best for your process without having to buy additional power systems.

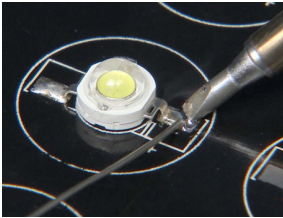

Specifications	Solder-Rework Bundle (120V)	Solder-Rework Bundle (230V)
Part Numbers:	8007-0613	8007-0614
Power Requirements	120 Watts Max Output 120 VAC, 50/60 Hz	120 Watts Max Output 230 VAC, 50/60 Hz
Tips Included	1/16" (1.59mm) 30° Chisel Tip-Cartridge (1130-0019-P1) and 1.02mm Thermotweezer® Tip (1121-0931)	
Heating Technology	AccuDrive® & SensaTemp®	
Dimensions	254 mm (10") H x 280 mm (11") W x 254 mm (10") D	
Weight	11.3 kg (25 lbs)	

System Handpiece Compatibility

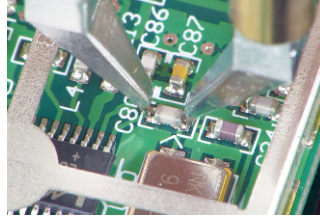

TD-200 Soldering Iron

PACE's work-horse with over 50 different Tip-Heater Cartridges to choose from.

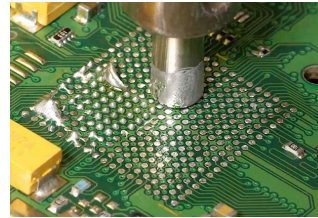

MT-200 MiniTweez®

Precision thermal tweezer that easily reworks micro-components. *Optionally available.*

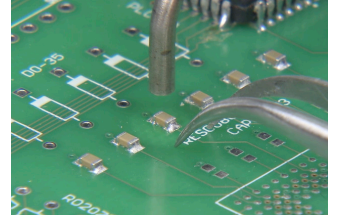

SX-100 Sodr-X-Tractor®

Provides safe, rapid SMT land prep & through-hole chip removal.

TJ-70 ThermoJet®

Hot-air pencil provides safe, rapid installation and removal of SMDs. *Optionally available.*

Handpiece Compatibility	ADS200	ST125
Power Ports	1 AccuDrive®	1 SensaTemp®
Snap-Vac® Vacuum/Pressure	X	Yes
TD-200 AccuDrive® Soldering Iron	Yes	X
MT-200 AccuDrive® MiniTweez®	Yes	X
SX-100 SensaTemp® Sodr-X-Tractor®	X	Yes
TJ-70 SensaTemp® ThermoJet®	X	Yes
TT-65 SensaTemp® ThermoTweez®	X	Yes
PS-90 SensaTemp® Universal Soldering Iron	X	Yes
